

Joe Flaherty's Dolphins

JFD will use swimming to do our part in contributing to the overall development of young people through building up confidence and determination to help face the challenges of life.

We will do this with a strong staff that will:

- *Encourage each athlete daily
- *Build strong relationships
between coach and swimmer
- *Emphasize what it takes to win
rather than winning
- *Emphasize character rather than talent
- *Use our JFD Leadership and Swimmer's
Handbook (which received an award at the
World's Coaches' convention

*We will provide the finest coaching in this
county thru:*

- *Outstanding enthusiasm
- *Appropriate goal setting and planning
- *Unique learning progressions
